Catering
An event caterer must be selected prior to contract preparation. Any licensed, lawfully operated catering company may be selected. Museum security staff works with designated catering staff to coordinate the transformation of museum spaces into elegant dinners, casual and colorful receptions, with or without entertainment and decorations.

All deliveries in support of events must be coordinated by the catering company with museum security by contacting 505-476-1204 (front desk) to arrange use of the loading dock. Deliveries of any kind that have not been disclosed to museum security may be refused. A schedule for delivery and pick-up of event supplies and equipment must be arranged prior to the event. The museum does not have event storage space and cannot be responsible for anything left for more than 48 hours.

The museum does not have facilities for cooking or warming food. Security and catering staff will designate food staging areas in compliance with food safety standards. Menus of non-staining foods and beverages are encouraged. Red wine is permitted inside the museum provided the user accepts full responsibility for cleaning any stains that may result.

All food waste and trash must be placed in dumpsters at the end of the event, leaving trash receptacles for visitor use. Recycling bins for plastic bottles and aluminum cans are available for use inside the Atrium or on Milner Plaza. We also recycle corrugated cardboard. Museum facilities must be returned to guest-ready condition after all events.

Security Overtime
Facility user is responsible for the cost of security staff overtime. Security personnel charges begin at 5pm in support of event set-up. No events may begin before 5:30pm without approval from the museum director. Generally, catering and museum security staff work on clean-up for one hour after guests leave.

A minimum of two security officers are required for all events on museum property. An estimate of the number of security personnel and cost is determined in conversation with museum staff and will be specified in the Facilities Use Contract. The rate for museum security is $30 per guard, per hour. Charges are estimated in the contract and invoiced after the event for accuracy.
Security officers have full authority to intervene to protect museum property or guests, and to declare the building(s) fully occupied to meet fire and life safety regulations. It is understood that museum security staff determines the number and strategic placement of security personnel to assure the safety of guests and museum property.

Certificate of Insurance
All after hour events require a Certificate of Insurance with a general liability limit of at least one million dollars ($1,000,000) that names the Museum of International Folk Art as additionally insured. The cost of this insurance varies; call your insurance carrier for information; quotes from multiple insurance companies are recommended.

Restricted Activities
Certain types of events are prohibited under any circumstances. **No fund raising activities are permitted on the premises, except for the benefit of the museum.**

Guidelines for Indoor Events
